

FREE Reentry Legal Clinics

for people with convictions and arrests

Root & Rebound will be partnering with Hupa Family Resource Center, the Yurok Reentry Program, Humboldt State's Project Rebound, and Jefferson Community Center to provide free legal services for people who have a conviction and/or arrest record in California.

These clinics will provide information on employment rights with a conviction, new laws that lower court ordered debt, and the expungement process. We can also provide one-on-one legal information and assist in getting a copy of your RAP sheet (the first step in getting an expungement). *If you would like to get a RAP sheet, please bring a government-issued photo ID.*
